

Requirements for the use of the e-service

The Protocol Services of the Ministry for Foreign Affairs of Finland is preparing to take an e-service into use for the applications for tax and duty exempt imports and purchases ("French papers"). The Missions will be able to electronically submit their applications to the Protocol Services.

The e-service will be operational from 1 January 2023 onwards with a transition time of three months. During the transition time Missions will be able to submit the applications also in paper form. From 1 April 2023 onwards the applications will only be processed in the e-service.
