

Name and address of the European body	
Information concerning the authorized warehouse keeper	Excise number
Name and address	
Detailed description of the goods (or reference to the attached order form)	Quantity or number
The eligible body hereby declares that goods mentioned above are intended for the official use of a European body and undertakes to pay the excise duty which would be due if the goods did not comply with the conditions of exemption, or if the goods were not used in the manner intended	
Name and status of signatory Place and date	Signature

Exempt from tax are products supplied for official use to an institution of the European Union located in Finland, provided that the acquisition price of these products including taxes is not less than 80 euros in total, as well as products delivered to an institution of the European Union located in another Member State under the same conditions as would apply to exemption from taxes granted in the country of location (section 18, subsection 1, paragraph 6 of the Excise Duty Act).

When products subject to excise duty are supplied to an institution of the European Union in a manner provided by the Protocol on the Privileges and Immunities of the European Communities, the relevant institution of the European Union issues an exemption certificate referred to in section 18, subsection 4 of the Excise Duty Act
(= confirms the right to tax exempt purchases of products) (Section 18, subsection 5 of the Excise Duty Act).

This certificate is a proof to ensure that the authorised warehousekeeper has been granted an exemption from excise duty, when the products have been supplied to the institutions of the European Union referred to in section 18, subsection 1, paragraph 6 of the Excise Duty Act or delivered to an institution of the European Union located in another Member State. A separate certificate must be issued for each goods item and warehousekeeper. The authorised warehousekeeper must keep this certificate as part of their records.
